Immediate Release filed on December 7, 2013

Tel Aviv, December 7, 2013 – Elron Electronic Industries Ltd. (TASE: ELRN) ("Elron") announced that it has been informed that Given Imaging Ltd. ("Given"), a company held by Elron, reached an agreement with a major international strategic buyer for the acquisition of Given's entire share capital for a cash consideration of \$30 per share by way of a reverse triangular merger (the "Transaction"). The Transaction is subject to the approval of Given's board of directors and to the execution of a definitive agreement between Given and the buyer. Insofar as a definitive agreement is signed, the Transaction will be subject to the approval of a special majority at the general meeting of Given's shareholders and to customary closing conditions, among them the receipt of requisite regulatory approvals.

As of the date of this report, Given is 29.5% held by Elron (including an 8.3% holding by RDC – Rafael Development Corporation Ltd. ("RDC"), 50.1% held by Elron), and is 14.7% held by Discount Investment Corporation Ltd., which holds approximately 50.3% of Elron.

Elron was informed that its decision and RDC's decision to vote in favor of the Transaction at the general meeting of Given's shareholders, the agenda of which will include approval of the Transaction, is a prerequisite to signing a definitive agreement, and it is the intention of Elron (this Sunday [December 8, 2013]) and RDC (this Saturday evening [December 7, 2013]) to bring before their respective boards of directors the decision to vote in favor of the Transaction at such general meeting.

At this stage, there is no certainty as to the signing of a definitive agreement or the execution of the Transaction.

Should the Transaction be executed, at the Transaction's closing Elron and RDC are expected to receive approximately \$204 million and approximately \$80 million, respectively, in consideration for their holdings in Given's shares, and as a result, Elron is expected to record a net gain of approximately \$133 million, which includes its share in the gain RDC is expected to record in respect of the Transaction. The amount of the net gain is subject to changes in the carrying amount of the investment in Given in Elron's and RDC's accounts between September 30, 2013 and the date of the Transaction's execution.

Immediate Release filed on December 8, 2013
